The Hancock County School District Board of Trustees during a special meeting on Thursday voted to terminate the contract of Superintendent Teresa Merwin.

"Such a decision is not taken lightly; however the Board is confident

that our principals and district leaders are the collective team necessary to guide the district to greatness," a release from the board stated. "The board will immediately begin a search for an interim superintendent and permanent superintendent."

The board — whose members include Ray Ladner, Tammy Garber, Billy Thomas, Dr. Jennifer Seal, and Danita Holladay — did not announce a reason for the termination.

Seal, the board's president, said the vote was unanimous.

Merwin was appointed superintendent in May 2021 and assumed those duties on July 1.

There's a new chief in town — Bay appoints former DEA agent

Bay St. Louis Mayor Mike Favre, left, on Monday swears in new police Chief Toby Schwartz.

BY GEOFF BELCHER
GENERAL MANAGER

Newly-appointed Bay St. Louis Police Chief Toby Schwartz was surrounded by friends and family on Monday when Mayor Mike Favre administered his oath of office.

"I'm very, very excited to be here ... and I appreciate the opportunity and support and look forward to working with every one of you," Schwartz said Monday.

The city began the search for a new chief in June, when then-Chief Gary Ponthieux, Jr., announced his retirement.

"I also want to thank Chief Ponthieux for everything he has done over the past four or five years," Favre said Monday, "and I want to thank Assistant Chief Alvin Kingston and Capt. Rachel Jewell for their hard work and getting us through (the interim)."

Schwartz lives in Pass Christian and has more than 36 years' experience in law enforcement, joining the Drug Enforcement Administration in August 1996. He also served as a part-time criminal investigator with the Hancock County Sheriff's Office beginning last November.

Schwartz said law enforcement and public service are generational in his family — his own father served as a

police officer and worked for the FBI; his son John is a Gulfport police officer; and his son Titus is a firefighter for Harrison County.

During his time with the DEA, Schwartz served 25 years as a Special Agent, Supervisory Special Agent, and Assistant Special Agent in Charge in offices located in McAllen, TX; the Charlotte, NC Regional Enforcement Team (RET); Houston, TX HIDTA, Galveston, TX Resident Office, Gulfport, MS Resident Office, New Orleans DEA/FBI Violent Crime Group; Hattiesburg, MS Post of Duty/HIDTA Major Investigations Squad; DEA Headquarters in Springfield, VA; and the San Francisco CA Field Division.

Before joining the DEA, he served for three years as a patrol officer for the Anniston, Ala. Police Department, and was a student patrol officer at Jacksonville State University.

Depot renovations almost complete

BY GEOFF BELCHER
GENERAL MANAGER

The long-awaited revitalization of the historic Bay St. Louis Depot grounds is almost complete.

"Our goal is to have everything complete by the end of September, and to have everything in place before Cruisin' the Coast begins," architect Michael Reeves, who designed the project, said last week.

The city authorized Reeves' designs last November and tapped J.O. Collins Contracting to

do the work for an estimated \$1,430,000.

The city was awarded \$1.5 million for the project in 2020 through the Gulf Coast Restoration Fund, with an additional \$100,000 grant from the Southern Rail Commission for improvements at the train platform in anticipation of restored Amtrak passenger rail service.

Reeves designed the project based on ideas compiled by a com-

‘Refocus Hwy. 90’: Group presents redevelopment plan for the Hwy. 90 corridor in Waveland

**BY CASSANDRA FAVRE
STAFF WRITER**

The Waveland Board of Mayor and Aldermen on Tuesday hosted a special meeting with Orion Planning + Design to discuss the planning and implementation process for “Refocus Hwy. 90,” a redevelopment of the Hwy. 90 corridor in Waveland.

Bob Barber with Orion said the center of the corridor is the intersection of Hwy. 603 and Hwy. 90. and the boundary extends to Bay St. Louis on the east side and to Waveland Avenue on the west side.

“The corridor itself has tons of unrealized potential,” Barber said.

Barber, along with a team from Orion, studied the existing circumstances of the corridor and engaged with the public through surveys and focus groups. Then they came up with the design and an implementation program.

The corridor studied contains about 250 acres, Barber said, and about 75 acres are “entirely” vacant.

About 50 percent of the corridor is designated as commercial and retail use, he said.

On that land, Barber said, there is about 1.2 million square feet in of building space. Of that, about 53 percent is devoted to retail use and the other 50 percent is devoted to office, mixed use, or restaurants.

About 24,000 cars per day pass through the corridor on the east side of the crossing and about 18,000 cars per day on the western side, Barber said, or about “60 percent of its actual capacity.”

“So there’s room for

Constance Cares for Cancer is cranking up its annual fundraising efforts for local cancer patients.

Waveland native Michael Joseph founded the non-profit in memory of his mother, Constance Joseph of Waveland, who passed away in 2012 from colon cancer. Long before his mother became ill, Michael vowed that, once he found his own success, he would return to his hometown and give back.

Michael is a real estate agent in Houston, Texas.

Through Constance Cares for Cancer, Michael provides financial support for local families battling cancer. Its mission is to “provide people with the proper tools and resources needed to help educate, fight, and understand how the body reacts to cancer. We understand the mental, physical, spiritual, and financial strain it takes on a person and their family and the best way to ensure we do not allow history to repeat itself is through education.” This year, the festi-

ities begin on Sept. 9 with a Reminisce and Sketch event at the 100 Men Hall, located at 303 Union St. in Bay St. Louis.

There are two time slots available for the event: 11 a.m. to 1:30 p.m. and 6:30 p.m. to 9 p.m. Tickets are \$25. There will also be a performance by Jesse Loya and Housekatz.

The Constance Cares for Cancer Mississippi Golf Classic fundraiser is scheduled for Sept. 10 at the Hollywood Casino, located at 711 Hollywood Blvd. in Bay St. Louis.

The goal is to raise money to help 75 families affected by cancer in Hancock County.

Early registration is Aug. 31 and is \$100 per golfer. After Aug. 31, regular registration is \$125 per golfer. There is no on-site registration. For more information, visit www.constance-caresforcancerms.golf or email cc4cgolffclassic@gmail.com.

The annual Constance Cares for Cancer parade is scheduled for Oct. 22 at 10:30 a.m. It begins at the Washington Street Pier in Bay St. Louis, travels down Beach Boulevard, and ends at Gulf-side Assembly, located at 950 S. Beach Blvd.

mittee spearheaded by Ward 3 Councilman Jeffrey Reed and Councilman-at-Large Gary Knoblock.

On a media tour of the new construction last week, Reeves pointed out the new concert stage, comfort station, two new wedding gazebos and the extensive work closing off a portion of Kellar Street to become more green space.

“That was one of the mayor’s main concerns,” Reeves said. “He wanted to expand the green space in between the Depot and the community center.”

Now, he said, there’s a better flow between the two structures so that it functions as one big park space.

The wedding gazebo at the new green space is both picturesque and practical, Reeves said, and will allow wedding parties easy access to the community center for receptions.

On the main Depot grounds, everything was almost complete last week other than placing some sod and replacing some ground lighting. In all, there will be about 15,000 square feet of new sod, Reeves said.

“One of the first things people notice is that the new structures are painted different colors than the original Depot building,” Reeves said.

One of two new gazebos at the Bay St. Louis Depot grounds. Another is situated on the new green space next to the community center.

That’s because the project was split in two, with Reeves handling the Depot grounds and architect Ed Wikoff working on the historic building.

Wikoff chose the new colors for the facade of the Depot building, Reeves said, so all the colors will match once everything is complete.

The city and Hancock Tourism will also conduct a “sell-a-brick” campaign for a new walkway in front of the Depot building, Reeves said.

The new comfort station and concert stage were designed with hidden closets for storage and complete electrical service in each one of the

structures.

Although the original plans called for removing all the palm trees at the Depot which were planted after Hurricane Katrina, Reeves found a way to tie them back into the design, and created a ground-lighting system for the Depot’s historic Live oak trees.

“There are still a lot of little things to do,” Reeves said, “but it will be ready for Cruisin’ the Coast. ... You know, they’re calling this the ‘Depot-Arts District’ now, with the Hancock County Arts just down the street. We want this to be something people can really be proud of.”

Shore Thing Fishing Report

By Cpt. Sonny Schindler

I've always had some serious respect, for those men and women who make their living on the water. Grant Sterling Foster has made a very good name for himself the last several years. Grant and his family make, without a doubt, the best traps money can buy. They do All of this, right here in Waveland, MS! Their crab traps are what they are known for, but they also make Custom Minnow, crawfish, and pinfish traps, along with holding pens for crabs and baitfish. I have several of his traps, and

pens. One of them has been sitting in saltwater for over 4 YEARS!!! It's still in perfect shape.

The last couple of years, I've gotten my traps and pens delivered when Grant and his Dad Tom come fishing. We've had some fun trips over the years. We usually target redfish, but they just like to catch fish. I always enjoy talking about their traps. Grant is a fascinating guy. He is a proud member of the Southern Ute Indian tribe. I learned His Ute name is "Rising Sun" which is also the name of his trap making business, Rising Sun Crab Traps.

We barely made our last trip happen. The storms gave us a very small window to work with. We were able to get several nice trout, reds, a flounder and a huge jack crevalle. The highlight of our brief trip was when Grant, and his Dad both caught tagged fish!!! To catch one tagged fish is a huge accomplishment, but for both of them to do it, on

the same trip, was nothing short of amazing.

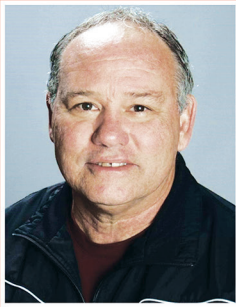

While were cleaning fish, I baited the brand new pinfish trap they brought me with some fish scraps. In no less than 15 minutes there must've been 50 pinfish in that trap. Trust me, they know how to make a trap.

It has been a real treat watching my bud-

dy Grant success. He has made a big name for himself in the fishing world. Here's to my friend, Rising Sun.

Bay-Waveland Yacht Club has ‘Lipton Fever’

Photo submitted
Next month, the BWYC will host the Sir Thomas Lipton Regatta.

BY JAMES KEATING MD

Under the leadership of Commodore Clinton Edwards, the Bay Waveland Yacht Club (BWYC) proudly hosts the 101st Annual Sir Thomas Lipton Regatta Saturday and Sunday September 3 and 4. BWYC has participated in this contest every year since 1950. Consequently, in August of every year the sailors of Han-

cock County experience “Lipton Fever,” which was first described by Walter Chamberlain in an editorial in the 1981 Special Lipton Issue of the BWYC “The Jib Sheet.” Chamberlain reports: “I feel it coming! ‘Bout this time every year I get this crazy feeling of anticipation, exhilaration, nervousness, and sometimes fear. I can see it creeping up on other

people too. It is called Lipton Fever and it is an especially heavy case this year since BWYC is hosting this year’s regatta over the Labor Day Weekend.” Chamberlain continues: “The Lipton Regatta is the Gulf Yachting Association’s answer to football’s Superbowl and baseball’s World Series...it is the EVENT of the year. Pomp and Circumstance, GYA brass, official meetings, and parties, unofficial parties (blasts), history, tradition, beautiful spectator boats, and exciting competition are all part of the event. Rest assured, this is a highly coveted championship, giving the winner GYA “bragging rights” for an entire year. By the time you read this, Lipton Fever will be running high.” This year, 2022, is no different than 1981, for the BWYC and the phenomenon of Lipton Fever. In 1920, the British yachtsman and tea merchant, Sir Thomas Lipton, presented the Southern Yacht Club (SYC) a

magnificent silver trophy to be competed for among the clubs of the Gulf Coast. The first Lipton Regatta was in 1920 and SYC hosted in New Orleans last year the 100th anniversary of this event. Due to Covid, this regatta was cancelled in 2020. The Gulf Yachting Association (GYA) was founded in 1901 and has grown in size from six to thirty-three clubs that stretch from Texas to Florida and North to Arkansas. The Lipton Regatta is a one-design race of Viper 640 high performance sport sailboats. Each club must use a different skipper in each of the first four races. This year there will be five races. The limitation is removed in the fifth race and a skipper, the team captain, or crew may skipper the final race. Fifteen yacht clubs in the GYA are expected to bring their Viper 640 sailboats to the Bay for

this major event of the sailing season. BWYC Commodore Clinton Edwards will serve as Principal Race Officer (PRO) and Basil Kennedy is the Regatta Chairman. Andrew Eagan will serve as BWYC Team Captain. Eagan is a seasoned sailor and will provide expert guidance for a strong Lipton Cup Sailing Team. Skipper for BWYC include Zac Fanberg, Conner Fanberg, Ricky Welsh, James Edwards, and Jackson Benvenuti. The BWYC intends to host a truly great regatta and the Lipton is always the premier spectator event of the GYA season. A terrific band, Three Guys Strumming, is lined up for Saturday night which will start as the boats finish until eight (or later). A sailing event of this magnitude requires from the host yachting club a great deal of preparation and work, both on and off the

water, during the races, and back at the club. An extensive corps of over 75 volunteers will contribute their help to put on this regatta. The well-trained permanent staff of the yacht club will also serve the many sailors, club members, and guests who will frequent our club this Labor Day Weekend. In conclusion, BWYC first entered the Lipton Regatta in 1950. Their first victory was in 1963. Since then, the BWYC had 26 wins in the 68 regattas that we have sailed, compared to SYC (12 wins) and PCYC (10 wins), in that same time frame. We congratulate the members of our winning teams and thank the others that trained, supported, and helped them along the way. We wish this 2022 team success, good sportsmanship, fair winds and following seas.

Dianthus adds strong color to fall gardens

In my opinion, dianthus is one good choice to help keep your garden interesting, and it is an easy choice for that extra splash of cool-season color.

I love their small, round flowers with each petal having an irregular, serrated margin. You can use these plants in a variety of ways in your landscape. I've massed planted dianthus in past years.

A couple of times on mornings when the air was still, I have enjoyed the delicate, floral fragrance of the flowers.

Here are a few of the dianthus series that I've grown with great success in past years.

A good frost-resistant selection is the Ideal Select dianthus series. Bright-green leaves contrast well with clusters of brightly colored, lacy-edged flowers. The Ideal Select mix features many colors and patterns, and I particularly like the Ideal Select Red with its bright and bold flowers.

The Super Parfait dianthus is indeed super, and it is cold-tolerant. This group is known for its compact size and large blossoms that reach 2 to 2 1/2 inches in diameter.

Super Parfait Raspberry has gorgeous, pinkish-white flowers with crimson-streaked petals and a dark eye. The large Super Parfait Red Peppermint flowers are bright white with a red center eye.

An old standby for my south Mississippi landscape and garden that I look for every year is the Telstar series. This variety tolerates cooler weather well.

Shoulder dianthus reaches 8 to 10 inches tall and should be spaced about 8 inches apart. You must have proper spacing in order to have beautiful and fully massed landscape beds. The bushy plants have

Hancock History: Ansley

The Bayou Caddy Catholic Cemetery in Ansley has been described as “a quaint, well-manicured cemetery.” Near the original house that Jean LaFontaine built in the early Nineteenth Century, the original land of the cemetery, comprising 4.3 acres, was a gift from Jean’s wife to the church in 1852. Their son, Raymond LaFontaine, donated one acre of land nearby for a church, which was described as “a picturesque little white church,” named St. Anne’s Mission. Unfortunately, the church was destroyed by a hurricane. Many LaFontaine descendants are buried in this cemetery. Other family names are noted on tombstones such as Ladner, LaFrance, Favre, Dorn, Garcia, Bosarge, Necaie, Schwartz,

Anasley was originally a small town that grew up next to a railroad depot named after M. M. Ansley, an important L & N Railroad Maintenance Superintendent in the late Nineteenth Century. South of this small community is an old fishing village on a navigable waterway, Campbell Bayou. Across from this bayou, embedded in the coastal marsh wetland, is a linear stand of pine and acorn trees on relatively high ground that is a veritable "island." The first white settlers to this island were the Campbell Clan. Charles Campbell (1837-1904) and Jessie Gordon Campbell (1849-1904) were some of the first generation to live there. Later, his nephew, Robert Campbell, and his niece, Tattie, also immigrated from Scotland

and maintained a family cemetery on the island. Six generations are there and the last Campbell to live on Campbell Island, Miss Edna Campbell, was buried there in the 1960's. These pioneers lived a hardscrabble, sustenance existence surviving by fishing, trapping, hunting, and raising livestock such as hogs, chickens, and cows surrounded by the marsh.

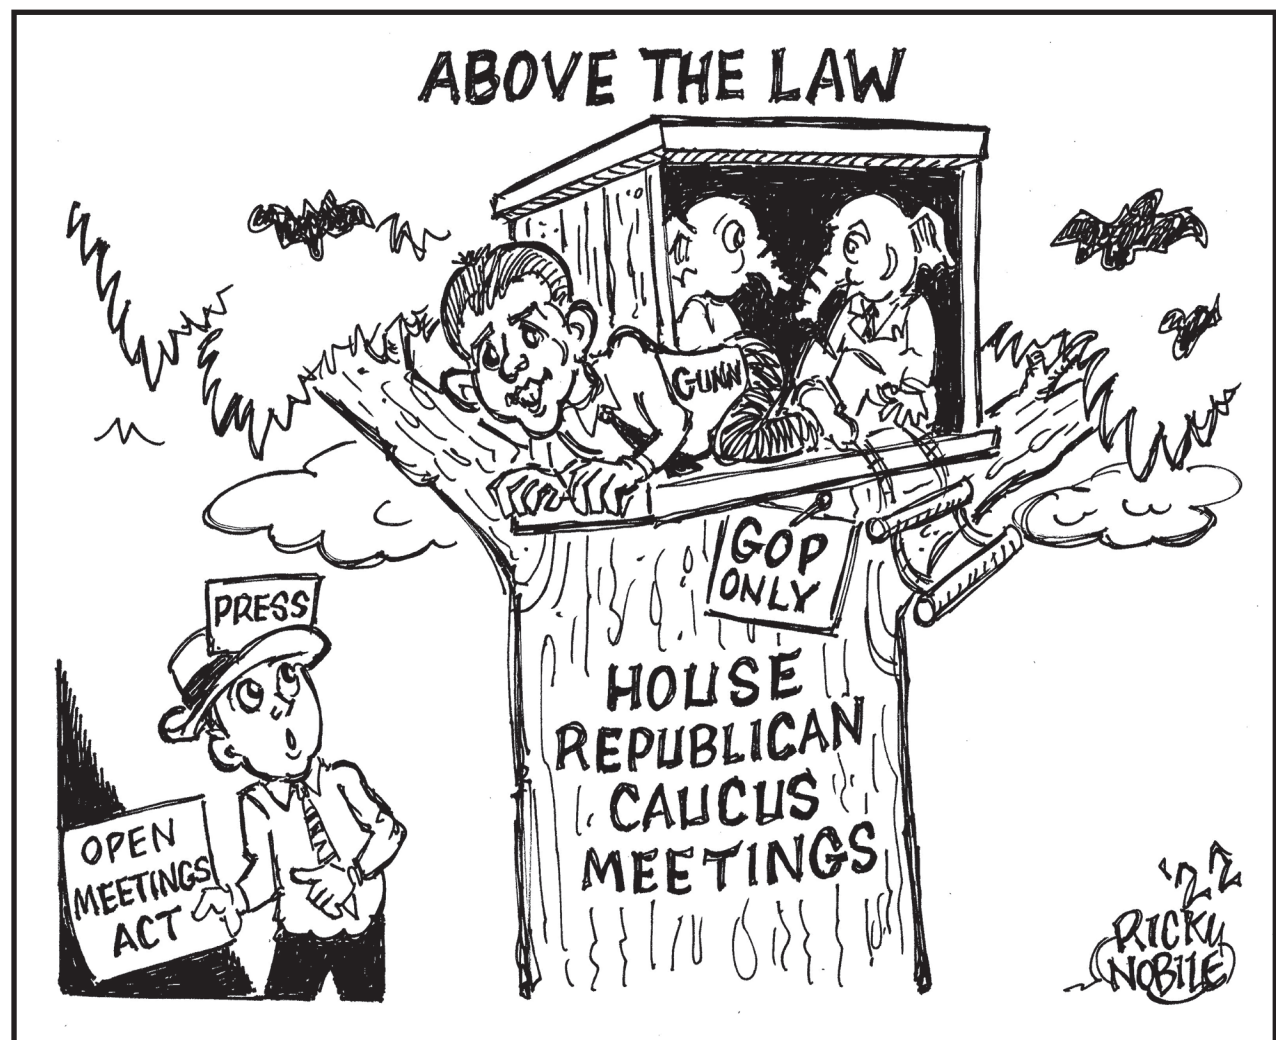

The seasonal mosquitoes affected a miserable existence when present for man and beast. These pioneer settlers had no commercial insect repellent, so the mothers of children wrapped newspaper around a child's lower legs and underneath the child's knee pants and stockings. Sleeping under a fine net was common for everyone on the Gulf

Conservation Corner: Causes of Natural Fish Kills

If you have ever come upon a body of water with hundreds of dead fish along its banks or floating on the surface, then you know what a sad sight it truly is. You would probably also be curious as to what caused such a tragedy. Sometimes fish kills are caused by toxins in the water that have spilled over from some industrial accident but oftentimes the causes are natural and less sinister in nature.

Loss of oxygen in surface water is the most common cause of natural fish kills. Depletion of oxygen in water is usually the result of natural processes with storm events most often involved. This lack of oxygen typically suffocates fish within a few hours. There are a couple of scenarios that can result in a depletion of oxygen.

One scenario is high levels of oxygen-depleting organic materials in the water. Early spring storms sometimes wash

organic matter and other soil materials into bodies of water which raises the biochemical oxygen demand of the water. This creates dangerous, oftentimes deadly anaerobic (without oxygen) conditions. When fish can't escape this water, they can no longer sustain life.

Another scenario is when heavy storms mix the water. When it is dry and hot the upper layer of water heats up. The water stratifies, which means there will be warm water on the surface, cool water in the deep areas and a thermocline in the middle. This can cause the deeper levels to become depleted of oxygen. Then wind and rain come and cool the surface layer and mixes the water, which reduces the oxygen levels. This mixing also tends to stir up organic matter from the bottom which calls for a higher demand for oxygen. This process further reduces oxygen to critical levels.

Yet another way in

which oxygen is depleted from the water is through plants. During the day, plants and algae in the water produce oxygen as a by-product of photosynthesis, which raises the levels of oxygen in the water. Then at night, the oxygen is used by respiration of all the flora and fauna in the water which leaves the oxygen at minimal levels by morning. On particularly hot days, with high temperatures and declining water levels due to evaporation, there may be little, or no oxygen left in the early morning hours. This causes oxygen stress in the fish and can lead to death. This is why you will sometimes see catfish farms using turbines to oxygenate the water in early morning hours.

Fish that are fighting for oxygen display several symptoms. They tend to stop feeding or take to breathing just under the surface of the water. They will also gulp at the surface film or jump

out of the water altogether. You may also notice that fish are swimming in a disoriented manner or lying on the bottom and gasping. All of these signs indicate a fish's decline to death from lack of oxygen.

a stout structure with linear-toothed foliage. I have to recommend Telstar Purple Picotee.

Dianthus is an easy-care, cool-season bedding plant that should be planted in the full sun in well-drained, amended soil or in containers for

optimum landscape performance.

Dianthus is a vigorous grower, so fertilize at transplanting with a good, slow-release fertilizer, and then supplement monthly with water-soluble fertilizer through the winter to keep the flowers coming.

When the temperatures get too low, the flowers will take a hit and

foliage will show a little bronze or purple, but the plants recover with moderating temperatures. A layer of mulch provides protection for the plant.

In south Mississippi, which is U.S. Department of Agriculture zones 8 and 9a, plant dianthus in the fall and winter months -- November through March. In north Mississippi,

which is USDA zone 7, plant in the spring or late summer -- April and May or August and September, respectively.

Independent garden centers are getting ready for your fall gardening needs and will soon have great choices for cool-season color. These plants will be looking for a good home, and that might be yours.

In addition, the bayou east of the fishing village is called “Outside Campbell Bayou” which empties into Heron Bay. A pipeline canal intersects the Outside Campbell Bayou which is the preferred waterway to go directly to Lake Borgne and some of the best fishing grounds in the world. This pipeline that crosses north/

south Lake Borgne is part of the Kinder Morgan Inc. liquid natural gas (LNG) network that feeds their big storage depot on the Lower Bay Road from a refinery in Empire, LA.

In our next column, the subjects of the L & N Railroad, The English Lookout depot, the many fishing camps/clubs in the Lake Catherine and East Pearl River areas, and the Baldwin Lodge will be presented.

SUSAN CARTER GABRIEL

Although it’s been more than a year since her passing, the pain of losing her and the joy of knowing her are felt just as deeply today and every day.

Susan Carter Gabriel of Bay St. Louis, MS, was born in Greenville, MS to Eugene and Kathleen Swatosh Carter on October 3, 1940. She passed away peacefully at the age of 80 at Dunbar Village Nursing Home in Bay St. Louis on April 29, 2021. She had recently spent time with some of her children who lived out of state. Just three hours prior to taking her last breath, she had visited with two of her daughters.

Susan had six children, all of whom she treasured. She took great pride in knowing that she and her ex-husband, Richard Morreale, were able to raise six extremely different individuals. Susan was able to stay home for many years while raising her children. She enjoyed sewing, embroidery, making homemade pasta and bread. She would often bake bread in the middle of the night so Richard could take it into the office to sell. Her children remember coming in from school to find her making pasta which was drying on tea towels all around the kitchen. Susan and Richard also had a small business where Richard would make toys, doll houses and doll beds while Susan sewed the dolls, the clothing and the bed linens for the beds. Following this period, she worked as a waitress, cleaned house for many friends and went on to

care for elderly parents of close friends.

Susan enjoyed being in the kitchen cooking for family and the many friends she obtained over the years. She enjoyed entertaining and would often bring people together for no reason other than to share a good time together. Everyone marveled at her ability to feed a family of eight or put together a large gathering with very little money or food in the cupboard.

She loved music and always had records playing. You would often catch her dancing around the kitchen as she cooked. In her later years she would listen to her personalized mixed CDs that her grandsons made for her.

Susan was blessed with having family both in the US and UK and was fortunate to be able to live with her children and grandchildren on both continents over the years.

Susan was a one-of-a-kind woman. She was kind, inviting, eccentric and beautiful. There were no light or boring conversations. Her communication always went deep.

Susan was preceded in death by her parents, Eugene and Kathleen Carter, her beloved Miss Katie who helped to raise her, and by a mere 18 days, her ex-husband Richard Morreale. Susan spent a lifetime concerned that she would have to go through losing one of her children, but fortunately she never had to endure that type of loss. She leaves behind in mourning her six children, Julie Wallace, Steve Morreale (Una), David Morreale (Alison), Elisabeth Munford (Alex), Susie Morreale

(Dale) and Matthew Morreale (Ana). Her grandchildren, with whom she had the sweetest relationships from the time they were little to seeing many of them grow into adulthood, Jessica, Sophia, Calypso, Kristina, Seraphina, Harlan, Wyatt, Christian, Nathaniel, Joshua, Andrew and Anna. She also leaves behind her cousin, Terry Kay Shields, and so many dear friends who were more like family.

Susan had requested her body be donated to science and to have a party with all her family and friends in attendance. The family followed through on her wishes. Susan’s body was donated to the Genesis Legacy Whole Body Foundation in Memphis, Tennessee, where she was treated with the utmost respect. The family held a party in Shepherdstown, WV, with most of her family and friends in attendance. We continue to find reasons to celebrate her life as we recall her words and message of love for all people.

The family thanks Susan’s dear friends who supported her through the years and all those at Dunbar Village who loved and cared for her during her last years. She was delighted to be surrounded by the staff at Dunbar.

Susan was adored by many and is missed and spoken of daily.

What is the Bible?

By REV. C. GERALD RICHARDSON, D. MIN

C. GERALD RICHARDSON, D. MIN.

Many people have serious and legitimate questions regarding the true nature of scripture. It is a book which is often quoted (and sometimes misquoted) in reference to issues which confront us in life. When a controversial subject is discussed, there might be interjected state-

ments containing the phrase, “the bible says...”. This statement sometimes is intended to bring an end to the discussion. It is akin to the well-known bumper stick which declares, “The Bible says it, I believe it, that settles it”. The truth is, in fact, a good bit more complicated than that. Such an understanding fails to consider the rich, and at times, complex realities of the nature of scripture.

The Bible is a collection of writings compiled over thousands of years which recount a major part of the story of a particular group of people as they lived their lives and evolved in their understanding across their long history. These were the Hebrew people. They were also known at various times as “children of

Abraham”, “the people of Israel”, “the chosen people”, and eventually as “Jews”. These were people who had great faith. They gave allegiance to one God. They believed that their God, whom they called “Yahweh”, would provide for them throughout the journey of life. Their stories make up what we usually refer to as “Hebrew Scripture”, or more commonly, “The Old Testament”. While they were faithful people, they were also human. They made mistakes, sometimes fell short in their faithfulness, They dealt with doubt. Sometimes their faith wavered, but they clung to the truths by which they lived. There is great wisdom in the writings of these texts. They teach, guide, and inspire us in many ways. We can learn and

grow spiritually through these words.

The Old Testament is not a history book. While it does recount some historical events, they are understood and interpreted in light of faith, not in light of literal historical accuracy. Seeking to find faith by attempting to prove the historical accuracy of these ancient stories is an exercise in futility.

The New Testament, also known as “Christian Scripture”, is a collection of writings by many people across about 70 or 80 years after the life of Jesus. They provide great insight into the life of this man whose story changed the world. Once again, while there are many incidents in The New Testament which were historically accurate,

this is primarily a document of faith, not history or science.

The point of all this is that the bible is a book of the spirit. It provides us with important teachings about the way we are called to live. It calls us to lives of love, charity, and forgiveness.

It cautions us against judging others, holding onto anger, nurturing revenge, seeking material gain at the expense of spiritual truth, and many other lessons about the way we conduct our lives.

It is also a book of hope. We are loved without condition; we have intrinsic and eternal value. In the words of one of the great affirmations of the church, “In life, in death, in life beyond death, we are not alone for God is with us.

CASA Celebrates Second Anniversary of Courthouse Facility Dog Remi

Photo submitted Remi and her handler Naomi Strawhorn.

SEA COAST ECHO

This month, CASA of Hancock County celebrated two years since Remi, the Canine Companions® black labrador joined their staff. Remi is a certified facility dog that was bred, trained, and certified in more than 40 commands to interact with clients. Canine Companions facility dogs are trustworthy in professional environments and can motivate and inspire clients with special needs. Together, Remi and her handler Naomi Strawhorn form the Courthouse Facility Dog Team. Naomi Strawhorn serves as the Victim Services Coordinator with CASA of Hancock County. Since being placed with Strawhorn

on August 6, 2020, Remi has served 60 child victims of abuse/neglect for over 86 hours of direct service in courtrooms, forensic interviews, juvenile detention, and residential facilities. Remi accompanied her handler to over 250 hearings in various settings and is a constant comfort to child welfare professionals in Hancock County. Handler Strawhorn maintains Remi’s special diet, training, and certification as the Courthouse Facility Dog Team continues to provide impactful service to children in Hancock County and nearby areas. One mother explained her gratitude for Remi when after her daughter had experienced a highly traumatic day, “all she could talk about was Remi.” Straw-

horn says, “I couldn’t ask for a better partner. Other child welfare professionals always tell me that they need Remi to help them after they have a stressful day or need a smile.” Remi is supported by the Jack A. & Gertrude W. Wilson Animal Welfare Fund, the Gulf Coast Community Foundation, the Rotary Club of Bay St. Louis, and her medical care is sponsored by Dr. West with Pet Haven Veterinary Hospital. There are always ways to support this unique project. Professional women’s group honors Hancock residents

BY GEOFF BELCHER
GENERAL MANAGER

The Lighthouse Business & Professional Women’s Network last week hosted its 2022 Woman of Achievement Awards at Hollywood Gulf Coast Casino in Bay St. Louis, honoring several Hancock County

residents. The organization, which aims to unite professional women and provide leadership skills and networking opportunities, is based in Biloxi but works all across the Mississippi Gulf Coast. “I believe this is the first year we’ve ever

hosted the awards in Bay St. Louis,” event emcee Nicole Martz said during the ceremony. Among Hancock County-area residents recognized as “Women of Achievement” were Rymsky Labat, CEO of Labat Education Group, LLC; Denise Bush of

Denise Bush Properties; Starr Chapman, owner of the Rum Kitchen; Tesia Lee, of HL Raymond Properties; Sandra Belcher of the Hancock County District Attorney’s office; and Cynthia Chauvin, executive director of CASA of Hancock County.

Chapman was named the main winner in the “Entrepreneur” category. Chauvin was named the main winner in the “Non-Profit” category. For more on the Lighthouse Business & Professional Women’s Network, go to lighthousebpw.com.

additional traffic there, as well,” he added. Barber said there are “tons” of curb cuts, driveways in the corridor. “There is a limited amount of cross-connectivity, meaning you’ve got singular access into a piece of land and if you want to go to the next store over, you have to get back on the highway,” Barber said. “But to have a real vibrant, more compact kind of corridor, you would need blocks about every 600 to 800 feet.” With regards to the economics of the corridor, Barber described it as “downtown Hancock

County.” “A significant percentage of the jobs in the city of Waveland, about 33 percent of the jobs, are located in that corridor,” he said. “It also produces almost 22 percent of the retail sales in the entire county. It’s an economic engine.” However, he said, it’s an “underperforming economic engine.” “It’s producing about \$95 per square foot in retail sales,” Barber said. “Typically, a corridor of that nature you would expect to do \$250 to \$300 per square foot in retail sales. It would appear to us that the corridor underperforms its potential by a factor of two-to-three. That said, there’s tons of opportunity in the Hwy. 90 corridor enhancing its function as an economic driver in Waveland and in Hancock County.” Barber said his team concluded their analysis by looking at the corridor’s character or appearance. He said, by the team’s inventory, there are about 50 vacant or abandoned signs in the corridor. “Which has a huge visual impact and conveys a certain message when you’re in the corridor,” he said. Barber pointed in contrast to the signage, and the “good public architecture, which is the fire house” on Highway 90. “So the point is, we are assessing the character of the corridor and it leaves a lot to be desired, is the bottom line on that,” Barber said. Barber said the team also looked at the corridor from a regulatory context, the city’s zoning requirements governing the uses in the corridor. “There’s a lot of lati-

tude and a lot of leeway as to what can happen in the corridor, which leads to some of the findings,” he said. The group also conducted an online survey, Barber said, and all the responses are included in the digital copy of Orion’s report. “There were lots of opinions about the corridor and most of them tracked along what I’ve already told you,” he said. “It needs attention, we can do better than this, we need to see this type of business, we need to see improvement, tons of response.” Barber said they went further and hosted focus groups and community meetings to help develop the plan. Orion’s plan for the corridor consists of four principals:

- Clean it
 - Connect it
 - Catalyze it
 - Cultivate it over time
- “The easiest low-hanging fruit with a tremendous bang for the effort would be code enforcement aspects of the corridor, cleaning up that signage that we’ve already identified, get rid of those 50 signs by having codes where the signage aspect is enforced,” Barber said. “This takes some effort, strategy, and a little time, but the impact is noticeable and visible.” Barber said that the gateways — from both sides— to Waveland are “nondescript,” which could be enhanced by utilizing signage, an identity marker, or a public art piece. He said that landscaping would also enhance the corridor’s identity, which occurs on the private and public side. Barber also suggested

painting the light poles a new color. He also suggested adding more “way finding” to the existing ones and promotes Waveland’s “brand.” On the private side, Barber mentioned retrofitting parking lots. The city could add landscaping — such as trees in parking lots, etc. — to its zoning requirements for future businesses, he added. Barber also spoke about facade enhancement and incentivizing upgrading and redoing some of the “aging” retail storefronts. As far as mobility, Barber said that Highway 90 is not “walkable.” “But, it should be made as accessible as possible to other means besides cars,” he said. “We can connect via trail, multimodal path, bike lane, create safe connections.” Barber said the goal would be to link the corridor into the rest of the community. He said that crosswalks and sidewalks can be added as well and MDOT generally works with municipalities. Barber also suggested renaming Waveland’s portion of the Highway 90 to “Waveland Boulevard.” “At Waveland Boulevard and Nicholson, we have the cornerstone catalytic development called Waveland Crossing,” he said. “We begin to reenvision how the dead Rite Aid can redevelop, the abandoned motel can redevelop, because it is a prime intersection.” The vision also includes a water feature, which serves a stormwater function and utilizing existing ditches, Barber

said. Barber ended the presentation with strategies for implementing the plan. “Vision without implementation is a hallucination,” Barber said. The document has a matrix of strategies, he said. Some like addressing the abandoned signs are short-term, he said. The development of Waveland Crossing is a long-term plan. “However, in order to start moving in that direction when we think about implementation is number one is to adopt the plan,” Barber said. “Adopt it as a formal component of the comprehensive plan of the city of Waveland. Number two, make sure to rewrite the zoning code and the ways things function under the rules to achieve what you’ve seen here.” Barber also said it would be beneficial for the city to form a Waveland Boulevard task force. He said that another potentially successful event would be a “funders’ forum” with representatives from MDOT, Mississippi Power, and those in charge of BP money to pursue partnerships and momentum. Tax increment financing (TIF) is another avenue to explore when discussing growing Waveland Boulevard and Crossing. “The city can’t do all this nor should they be expected to do it all,” Barber said. “To move a plan like this forward is a true partnership.” A copy of the draft plan can be found at www.seacoastecho.com.

Chemours Sponsors STEM Resources for Innovative Pre-K Program

SEA COAST ECHO

The Hancock County Excel By Five Educational Partners Program recently received a grant from The Chemours Company to provide STEM (Science, Technology, Engineering and Math) educational resources to early childhood centers in the community.

Excel By 5 (EB5) is an innovative early childhood community certification process focusing on a community’s young children. It emphasizes the important roles parents and early childhood educators play in the lives of children during their most formative years - birth to age 5. The organization established the Educational Partners Program to ensure young children in our community—birth to age five—are exposed to many different learning opportunities, including STEM.

The STEM resource kits were introduced in May at a workshop for early childhood educators. The STEM resources include early coding activities, physics, sound and much more. The 47 teachers who attended worked in various stations with the resources, which are available to Hancock County Childcare Centers to check out and use in their classrooms.

Donna Torres, Infinity Science Center, shared the importance of exposing young children to STEM. The NSTA (National Science Teaching Association) reports that “At an early age, all children have the capacity and propensity to observe, explore, and discover the world around them (NRC 2012). These are basic abilities for science learning that can and should be encouraged and supported among children in the earliest years of their lives.

The National Science Teaching Association (NSTA) affirms that “learning science and engineering practices in the early years can foster children’s curiosity and enjoyment in exploring the world around them and lay the foundation for a progression of science learning in K–12 settings and throughout their entire lives.”

The STEM Classroom resources were funded by a Chemours Vibrant Communities Grant. Representatives from the Chemours Delisle Plant, including Riley Davis, Quality Manager; Izzy Goetz, Research and Development Engineer; and Duane Wilson, Site Engineering Manager attended and thanked the teachers for their work with our youngest population, our future workforce, and reenforced how important early skills are to the building of a strong workforce.

FOOTBALL TAKES THE FIELD FRIDAY

BY JOSEPH W. GEX, II
STAFF WRITER

After all this time away from the hallowed grounds of battle that have witnessed so much through the decades, the path will be lit this Friday evening to the respective places of worship for all the fervent followers of the king of sports - FOOTBALL!

It has seemed like a century has passed since we last gathered under the aurora of the Friday Night Lights. Our souls, in search of illumination of the grandest kind, will be quenched on August 26, at the tolling time of 7:30 p.m. when that sharp whistle pierces the open air to initiate kickoff to the season of 2022.

Yes, the time is upon us all to flock to the lights like insects to the

High school football season begins this Friday night in Mississippi.

bulb so that we can see the hopes and dreams of our favorite team hoisting a trophy in December unfold before our very eyes.

In street corner cut-outs from Pelahatchie to Tunica, Booneville to Port Gibson, and Bay St. Louis to Bay Springs, towns all over Mississippi will shutter their stores and make their way to the gathering greens illuminated by those familiar lights to watch their sons and grandsons lock helmets with the invaders from another town and school. Or, they gather to witness the tumbles and tricks performed by the various cheer squads. And, possibly they are gathered to hear their young ones belt out their tune in the orchestra known only as a marching band.

Bay High, Hancock, Pass Christian, and Saint

Stanislaus have their hopes and dreams held high to achieve results they have sweated, bled, and fought over for the last 9 1/2 months. When our teams do well, our communities thrive and prosper.

The Tigers want to continue what was started last year. Bay High is looking to take the next step and that is to advance another round in the post season. Xander Ladner, Layland Adams, Vincent Lan, Ziron Brown, and other all have plans to help move the ball for Bay High in that regard.

Hancock is wanting to achieve a playoff berth after last tasting that success in 2017. Dylan Moran, Todd De-deaux, Jeffrey Hopgood, Landon DeWitt and others have their eye on the prize and are ready to lead the Hawks.

Pass Christian has their sights set on advancing their postseason run after a stinging loss in the first round last year. Terry Patton, Larry Burks, Ladd Scriber, Jacquez Alexander, and more are focused on seeing that to the end.

Saint Stanislaus has made the playoffs for nine consecutive seasons but have not advanced past the first round since 2017. Hudson Osbourne, Chesley Rhodes, Chandler Chapman, Fulton Ascherl, and others are tuned in to what they need to do to move the needle.

As for me, I am like everyone one of the readers who are ready for this party to get started. On Friday evening, I will step onto the turf for the 357th consecutive time under those Friday Night Lights. I am ready. The time is now. Blow the whistle. See you at the game!

Bay High Tigers look to ride the roar of the defense

MAURICE SINGLETON
CONTRIBUTING WRITER

The Bay High Tigers are looking to improve on a first-round home playoff win last year as well as on an 8-4 record. Third-year head coach Jeremy Turcotte is encouraged by a number of factors that has him optimistic about the approaching season.

For starters, he said the Tigers’ defense is experienced. Secondly, sophomore quarterback Xander Ladner, with a year of experience behind him in a platooning role, is ready to take the reigns as a leader and field general. Thirdly, the Tigers offensive line has size and strength. Fourthly, the Tigers have a stable of talent at the skilled positions. And another good reason, he has 29 players on the roster who can play on either offense or defense.

“We have depth,” said Turcotte. “We have twenty-eight or twenty-nine players who can play offense or defense on Friday nights. Eight returning starters on defense.

“Defense is going to be the strength of our team,” added Turcotte.

“We’ll have seven to eight seniors starting on defense at any time. They run to the football and love to hit you.”

The two starting safeties are seniors Vincent Lan and Layland Adams. Juniors Kelvin Laneaux and Alex Harris are expected to start at cornerback. Senior Tyson Hawkins is the nickel back.

Seniors Larry Lee, Brayson Johnson and Ben Wilemon and juniors Christian Key and Benny Williams are looking to wreak havoc on opposing offenses from the box.

“They are very coachable, and they fly to the football,” said Turcotte. “They have a very salty defensive coaching staff, and they respond to that. They are very athletic, and they want to be good.”

On the offensive side of the ball, the Tigers will be young with only four returning starters. They’ll have some huge shoes to fill with the ma-

trication of Noah Cutter, Terron Bedford and Devin Gaspard to college football.

Turcotte believes that size and depth on the offensive line will give the offense a huge boost. Seniors Gavn Bullock, Xzylaman Mewborn and Colin Robinson and juniors Brandon Russell, Mike Smith and Ziron Brown, and sophomore Brooks Martinez will provide protection up front for an offense that is expected to be versatile. Ladner, who started at quarterback several games a season ago

as a 14-year-old freshman, will look to show a broader array of talents this year as the Tigers will be looking to throw downfield more. One of the highlights of last season for him was an 11-yard touchdown pass to Terron Bedford with 12 seconds on the game clock to secure the first playoff win for a Bay High football team since 2012.

“Xander has incredible IQ,” said Turcotte. “He’s one of the brightest young quarterbacks that I’ve ever coached. We’re going to do more things with him; going to take the reigns off.”

When he’s dropping back in the pocket, Ladner’s targets will include Jaden Clark, Tyler Rose, Steven Bell, Hayden Hearty and Avery Harris. Tailback Jalen Antoine and fullback Lawrence Peterson will lead the Tigers’ rushing attack. Niyjah Abbott and Charles Richardson are also expected to see ac-

tion in the backfield.

The Tigers face a tough district schedule. They got wins against Pass High on the road last year and at home against Stone High. Blowout losses to Greene County and Moss Point hope to serve as motivation for the Tigers going forward.

“We laid an egg against Greene County and for two weeks I challenged their manhood, and we ended up winning three late games last year,” said Turcotte.

Bay High opens the regular season on the road at West Harrison. They return to the Bay for a home game against Sumrall and then they are on the road for four consecutive games, starting with Long Beach, followed by Purvis, St. Stanislaus and Greene County. They return to Bay St. Louis for two home games against Pass Christian and Moss Point, then close out the regular season at Stone County.

Hancock Hawks banking on experience in 2022

BY MAURICE SINGLETON
CONTRIBUTING WRITER

The Hancock Hawks are looking to ride the experience of twenty-one seniors and 28 juniors as they strive to overcome a 3-8 record without a district win a year ago. They are banking on an offense that will feature three tall receivers and a core of four running backs and a defense that will feature four linebackers in the three-four set.

Leading the way for the Hawks will be junior quarterback Dillon Moran, who saw action in eight games a season ago. He's got an arm, and he's also got a swagger that exudes confidence.

"He goes day in and day out about his business," said head coach Neil Lollar. "He's confident, and he gives the other players confidence. He knows how to run an offense on Friday nights."

Moran will be looking downfield for any of three tall receivers who stand 6'1", 6'2" and 6'4". Todd Dedeaux, Neil Acker and Tanner Ladner all figure to factor into the success of the Hawks this season.

"They're big bodies and they can create some mismatches because of their size," said Lollar. "They're all aggressive to the football. They see a pass and they fully intend on catching it."

The heart of the offensive attack is expected to be the running game that will feature a core of backs including Jeffrey Hopgood, Zach Gullung, Mason

The Saint Stanislaus Rock-A-Chaws closed out their first gridiron season in Class 3A in 2021 with a third place finish in Division 8 and a road playoff loss to Morton to finish 4-6. This year the Rocks seek an improvement to finishing games and a deeper run in the post-season.

SSC returns a solid core of players on both sides of the ball and the nation’s top kicker in the Class of 2025, Evan Noel.

SSC head coach Nate Encrapera commented, “This team had a turn in their mentality this summer. Expectations are always high in this program and this team is striving towards those expectations. We have a solid group returning with a decent amount of young players who saw extensive playing time last year. We have had a very solid summer workouts and 7-on-7 scrimmage. As a staff, we have seen them being more responsible with aspects that are key to being successful.”

The Rocks will have a new quarterback after the graduation of Alex Fabra. This year taking snaps will be Hudson Osborne. Sharing the backfield with him will be returning running backs Chandler Chapman and Kyle Stegall. Last year, Davien Lagarde put up solid numbers with over 1,400 yards rushing but the Rocks should be able to remain fresh the entire game with the rotation of Chapman and Stegall. Lagarde is now suiting up for Holmes CC.

The offensive line returns consistency with a mixture of Jacob Bradford, Layne Hearty, Andrew Whitney, and Fulton Ascherl. Spencer Cornell will slide out to tight end this year. Missing from this year’s line will be MGCCC lineman Joe Bradford.

Manning the wide receiver positions will be Canye Bankston and Brady Logan with Jackson Dicerbo, Levi Green, and others in the rotation. Ja’Kobe Cameron has taken his talent to Southern Miss.

On the defensive side of the ball, there will be consistency just like the

offense but missing several key faces including Ryan Tyler who now plays for Jones College. Cornell and Bradford will spend a good bit of time on the line while Chesley Rhodes steps into a bigger role this season on the second level. Helping Rhodes out will be Heith Shinn, Ben Cappel, and Chapman. In the defensive secondary, John Scott Stassi and Jaden Tran have picked up permanent spots after reserve roles last year. Jaxon West has also impresses the staff this summer and is vying for time on the field.

For special teams, the Rocks look no further than sophomore five-star kicker Evan Noel who is ranked the top kicker for the Class of 2025. After a freshman season that saw him send over 60% of his kickoffs for touchbacks and kicking the three longest field goals in the state, regardless of classification, Noel returns for another go of it. He will also handle punting duties.

Encrapera returns for his fifth season as head coach. He is joined by offensive coordinator John Haberman, defensive coordinator Shane Mulhern, defensive back coach Mark Logan, offensive line coach Ken Jones, offensive assistant Seth Rugg, defensive line coach Kevin Fouquier, assistant line coach Hogan Benvenuti, offensive assistant Richard Davidson, and defensive assistant Blake Grant.

Encrapera added, “This will be a tough season, no doubt. We

THE 2022 PASS CHRISTIAN HIGH SCHOOL FOOTBALL TEAM

Pirates looking to continue their winning trend in 2022

JOSEPH W. GEX, II
STAFF WRITER

The Pass Christian Pirates ended 2021 with a 5-4 record and a trip to the first round of the Class 4A state playoffs. The loss in the postseason was a tough pill to swallow losing 3-0 so there is motivation to get back to that point and improve.

The Pirates lost key position players to graduation but return a plethora of players that drew starts throughout the season last year.

On offense, Pass Christian has 9 of 11 starters back and on

defense they have 6 of 11 returning.

Pass Christian head coach Chase Carmody stated, “We have set out goals for the season with the first one being a historical mark for our program. This squad is aiming to be the first team in school history to win a regional title in football. We also want to make a run in the playoffs. Losing last year like we did left a bad taste in our mouths. The players have been motivated by that and have had a very strong summer. We have been able to create some depth at places that will

help us.”

The Pirates lost dual threat quarterback Kam White to graduation along with Drake Pond and Harley Blanton on the line.

Stepping in calling signals will by Ladd Scriber and he will be joined by a talented trio of wide receivers in Larry Burks, Terry Patton Jr, and Anthony James. Jacquez Alexander returns as the running back. The offensive line will have a rotation of Andrew Daniely, Bryce

Saints aim to return to the play-offs in 2022

The 2022 season will be the New Orleans Saints’ 56th in the National Football League (NFL), their 47th playing home games at the Caesars Superdome and their first under head coach Dennis Allen. They will attempt to improve from their 9–8 season from last year and return to the playoffs from a one-year absence.

Long-time head coach Sean Payton announced his retirement shortly after the Saints 2021 season ended on January 25, 2022.

In his 16 years as head coach, Payton led the Saints to seven NFC South titles, nine playoff appearances, and to the franchise’s first and only Super Bowl title in Super Bowl XLIV. Prior to his departure, Payton was also the second-longest active tenured head coach in the NFL, only behind Bill Belichick of the New England Patriots.

On February 8, 2022, Allen was announced as the next head coach.

In addition to Payton, the Saints also said goodbye to a few key players who left in free agency. Left tackle Terron Armstead and safety Marcus Williams are the most notable players New Orleans lost.

Safety Malcolm Jenkins also chose to retire after returning to New Orleans for the last two seasons. Among complementary players, the Saints parted ways with tight end Garrett Griffin, running back Ty Montgomery, and backup quarterbacks Blake Bor-

ties and Trevor Siemian.

The Saints made a splash by signing safety Marcus Maye to help reinforce their secondary after losing Williams and Jenkins. Likewise, safeties Tyrann Mathieu, Daniel Sorensen, and Justin Evans were also signed to help fill those voids. New Orleans also addressed the team’s defensive line with the additions of Jaleel Johnson, Kentavious Street, and Taco Charlton. On the offensive side of the ball, wide receiver Jarvis Landry and quarterback Andy Dalton were the most notable additions.

Quarterback Jameis Winston took the field for practice during 2022 Training Camp this week after a foot injury

on Aug. 8 caused him to miss the first two pre-season games.

Now in his 27th year in coaching and 21st in the NFL, Allen has played for, coached with and learned from some of the best coaches in all of football. He was recruited to play at Texas A&M by R.C. Slocum and in the NFL he has honed his skills on the staff of Super Bowl XLIV champion head coach Sean Payton for 12 seasons and also for Super Bowl participants John Fox and Dan Reeves.

Allen was promoted to head coach after spending the past six and a half seasons as the defensive coordinator of the Saints, a time

of prosperity when the team has enjoyed ve consecutive winning seasons and also captured four straight NFC South division titles from 2017-20. During his tenure as an assistant under Payton in New Orleans (2006-10, 15-21), Allen has been part of staffs that have qualified for the playoffs seven times, captured the NFC South division title six times, reached the NFC Championship game three times and won the Super Bowl XLIV Championship.

Allen and the team aim to recapture that winning spirit in 2022, shooting for a play-off berth at the very least.

Pearl River Community College is proud to announce an expanded Meet the Wildcats will be held Aug. 25 inside historic Dobie Holden Stadium.

PRCC Wildcats have their eyes on the prize for 2022 -- championships!!!

Pearl River Community College has announced its nine-game schedule for 2022. This year’s slate includes five home games, alternating home and road competitions and two Saturday road contests.

All home games will kickoff at 7 p.m.

“We are extremely excited about this upcoming season. We have the majority of our team back from last year plus a handful of transfers that we feel will make an immediate impact,” PRCC coach Seth Smith said. “Obviously, the standard and level of excellence is extremely high here at Pearl River. All of the surrounding sports are either winning championships or competing for championships annually.

“It is our goal to

make sure that we restore this once proud program back to where it belongs. We are very hopeful and highly optimistic that growth and results in 2022 will reflect the hard work these young men and coaches have poured in this last year and a half.”

The Wildcats once again face a challenging MACCC schedule. PRCC opens the season Sept. 1 at historic Dobie Holden Stadium against new-look Holmes. The Wildcats then make their longest trip possible on Sept. 8 as they travel all the way to Booneville to face Northwest for a 6:30 p.m. start.

PRCC welcomes the reigning MACCC champion Northwest Rangers to Poplarville on Sept. 15. before hitting the road for Hinds on Sept. 22. The road game in

Raymond will kickoff at 7 p.m.

PRCC is back at home Sept. 29 to host archrival Mississippi Gulf Coast before the annual Cat Fight at Jones College on Saturday, Oct. 8 at 2 p.m. The battle against JC will be the first of two Saturday contests this season.

PRCC will host Copiah-Lincoln on Oct. 13 for Homecoming before hitting the road for the final time on Oct. 22 for another Saturday showdown at Southwest. Kickoff in Summit is set for 5 p.m.

PRCC will conclude the regular season Oct. 27 against East Central.

The MACCC’s semi-finals are scheduled for Nov. 3 with the championship game set for Nov. 10.

Last year, PRCC rushed for 229.9 yards

per game and averaged 19.9 points per contest, good enough for seventh in the league. Defensively, the PRCC secondary held opponents’ passing attacks to just 146 yards, which was good enough for third in the league.

Headlining PRCC’s returners is arguably one of the most sought-after recruits in the country in Justin Jefferson (Memphis, Tenn.; Bartlett). The 6-foot-3 linebacker led PRCC in tackles (53), sacks (3) and fumble recoveries (2) as a freshman in 2021. He also recorded 13 tackles-for-loss, good enough for second on the squad. This summer, Jefferson’s recruitment has heated up as he’s garnered offers from blueblood programs such as Alabama, Southern Cal, Florida and Texas, to name a few.

Roach, Chase McLaughlin, Will Campbell, Zalondre Smith, and Xavier Henderson.

On the defensive line will be Jayden Acker, Malik Cherry, Henderson, and Litmaine Magee. Suitingup on the second level is Brandon Benoit, Lashowan Laneaux, and Micah McKay.

In the defensive backfield will be Aiden Dedeaux, Cooper Schatzle, Matthew Daniely, and Lathan Lewis.

Karston Mooney will take over place kicking duties and Schatzle will handle punting for the Pirates this season replacing four-year starter Davon Klein.

Carmody is entering his third season at the helm of the Pirates’ program. He is joined by offensive coordinator David King, defensive

coordinator Keith Annulis, offensive line coach Kellen Tadlock, wide receivers coach Garrett Stansbury, defensive line coach Stephen King, and defensive backs coach Maurice Singleton.

Carmody added, “This has been the best spring and summer since I have been here. We have dealt with certain restrictions with COVID, as have all programs, so it is refreshing to see some normalcy returning. The players are working hard to keep their spots and there has been some tremendous competition. We are looking forward to getting started this year.”

The Pirates are set to play Long Beach, Forrest County AHS, Purvis, Saint Stanislaus, and Poplarville in non-division action. Pass Christian will compete in Division 8-4A against Moss Point, Bay High, Stone, and Greene County. See you at the game!

must remain healthy to continue to advance. We are looking to get to the post season and make a long run. Class 3A football is no joke, so our work is cut out for us. The players have been working hard and doing everything asked of them. We are ready to get started.”

The Rocks will face off against d’Iberville, Long Beach, Pensacola Catholic, Pass Christian, Bay High, and Lakeshore (LA) in non-division action. SSC will

have division contests against West Marion, Seminary, Perry Central, and defending Class 3A state champion Jefferson Davis County. See you at the game!
